Re: Seican
EPA Reg. No. 91473-2
Amendment

Dear Ms. Bryceland:

Please find enclosed Seipasa S.A.'s ("Seipasa's") application for an amendment to its registration for "Seican", EPA Reg. No. 91473-2. In essence, this amendment would add "waterproof gloves" to the Personal Protective Equipment ("PPE") section of the product's label. The addition of waterproof gloves is being required by the California Department of Pesticide Regulation ("DPR") in order to register the product. Please see that enclosed DPR Data Package Summary and Recommendation Sheet.

Two (2) electronic copies of the product's revised label have been submitted to the Agency's Central Data Exchange ("CDX"). One copy of the labels has the revision being made by today's action highlighted in yellow.

Expedited review is requested under FIFRA section 3(c)(3)(B)(i). Please note that Seipasa has an application for registration of Seican pending with DPR, and approval of this application depends on the Agency's approval of this amendment. Therefore, I respectfully request that you give this action priority review.

Please feel free to contact me if you have any questions about this application.

Sincerely yours,

Re: Seican
EPA Reg. No. 91473-2
Amendment

Dear Ms. Bryceland:

Please find enclosed Seipasa S.A.'s ("Seipasa's") application for an amendment to its registration for "Seican", EPA Reg. No. 91473-2. In essence, this amendment would revise the product's label, as follows:

1. add a referral statement, which will be used when a booklet, pamphlet or other pull-off type labeling is used when it is not feasible to fit the entire label directly on the product's container;
2. correct a typographical error on line 1 of the Note to User on page 5; and
3. make the Chemigation section on page 5 and first paragraph of the Chemigation Instructions section on page 7 consistent with each other.

Two (2) electronic copies of the product's revised label have been submitted to the Agency's Central Data Exchange ("CDX"). One copy of the labels has the revision being made by today's action highlighted in yellow.

Expedited review is requested under FIFRA section 3(c)(3)(B)(i). Please note that Seipasa has an application for registration of Seican pending with DPR, and approval of this application depends on the Agency's approval of this amendment. Please see comments 1, 5 and 7 of the enclosed February 22, 2019, e-mail from Ms. Laurel Schmalz of DPR to me. Therefore, I respectfully request that you give this action priority review.

Please feel free to contact me if you have any questions about this application.

Sincerely yours,
